

This is to certify that

Aircraft End-of-Life Solutions (AELS) BV

has satisfied the requirements for accreditation under the Aircraft Fleet Recycling Association's Best Management Practices for:

✓ DISASSEMBLY

of an Asset, (i.e. Aircraft, Aerospace materials, and/or components) as a means to take apart or dismantle constituent parts from a given Next Higher Assembly.

✓ RECYCLING

of an Asset, (i.e. Aircraft, Aerospace materials, and/or components) as a means to means facilitate activities in which material is processed into specification- grade commodities, and consumed as raw-material feedstock, in lieu of virgin materials, in the manufacture of new products. The series of activities that make up recycling include the collection, processing and subsequent consumption of industrial, end of life and obsolete scrap, as well as the process of transforming used products, whole or in part, into reusable commodities
